

What began over 30 years ago as a principled mission to bring together the most committed community-based healthcare providers working cooperatively in pursuit of patient safety, provider protection and clinician advocacy has grown to become CMIC Purchasing Group. Our expansive collective of clinics is guided by a Board of Directors with extensive experience, credentials and deeply-held convictions around the power of quality, comprehensive health care for all members of the community.

In cooperation with NORCAL Group, a medical professional liability carrier with its own 40+ year legacy, we strive to provide specialized liability coverage and care for clinicians that educates, engages and protects. In cooperation with CMIC Purchasing Group, NORCAL Insurance Company provides a powerful policy offering, a collection of clinic-focused risk management expertise, in-person consultation and print/digital resources, and a supportive and highly experienced claims team that understands the evolving dynamics of providing quality community healthcare.

CMIC Purchasing Group extends our shared commitment to protect your clinic's mission, reputation and ability to care for your communities through every stage of life. We look forward to hearing from you.

Serving Clinics throughout California and New Mexico since 1987

Protecting ~200 Clinics with custom-crafted medical liability coverage

Clinic-specific features include optional FTCA Gap Coverage

CLINIC CLAIMS PROTECTION HIGHLIGHTS

- ◆ Providing the individualized claim services that best meet your needs
- ◆ Defending good medicine and your good reputation
- ◆ Working with you to develop a strong defense in support of your care and treatment, the cost of which does not erode the policy limits available to protect you*
- ◆ Retaining seasoned medical malpractice defense attorneys to represent you and utilizing medical experts who practice in the same specialty as you
- ◆ Supporting your right to proceed to trial by requiring your written consent to settle a case†
- ◆ Standing shoulder-to-shoulder with you throughout the entire process

*For claims under the Information and Network Security Insurance endorsement, defense costs are included within the limits of its coverage. | †Subject to state law and policy terms.

RESOURCES AVAILABLE FOR CLINICS

NORCAL Group's industry-leading risk management services include educational support, robust resources, and personalized consultation provided by experts in patient safety, ambulatory and hospital risk management, and administrative healthcare. Clinic insureds can enjoy full access to these features and many more at no additional cost.
